

EMPOWER Labs

Session 4: Expansion Capability

Customer success is the bedrock of business growth, and systematizing our approach to it will give us the **expansion capability** we're looking for without proportional increases in costs or complexity.

Program Timeline

Milestones: Where You Should Be At This Point

Completed the Assessment (Sale to Delivery)

Understood the 4-Level Documentation Framework

Added the 4-Level Documentation Framework to your Master Prompt

Explored AI-First Process Creation

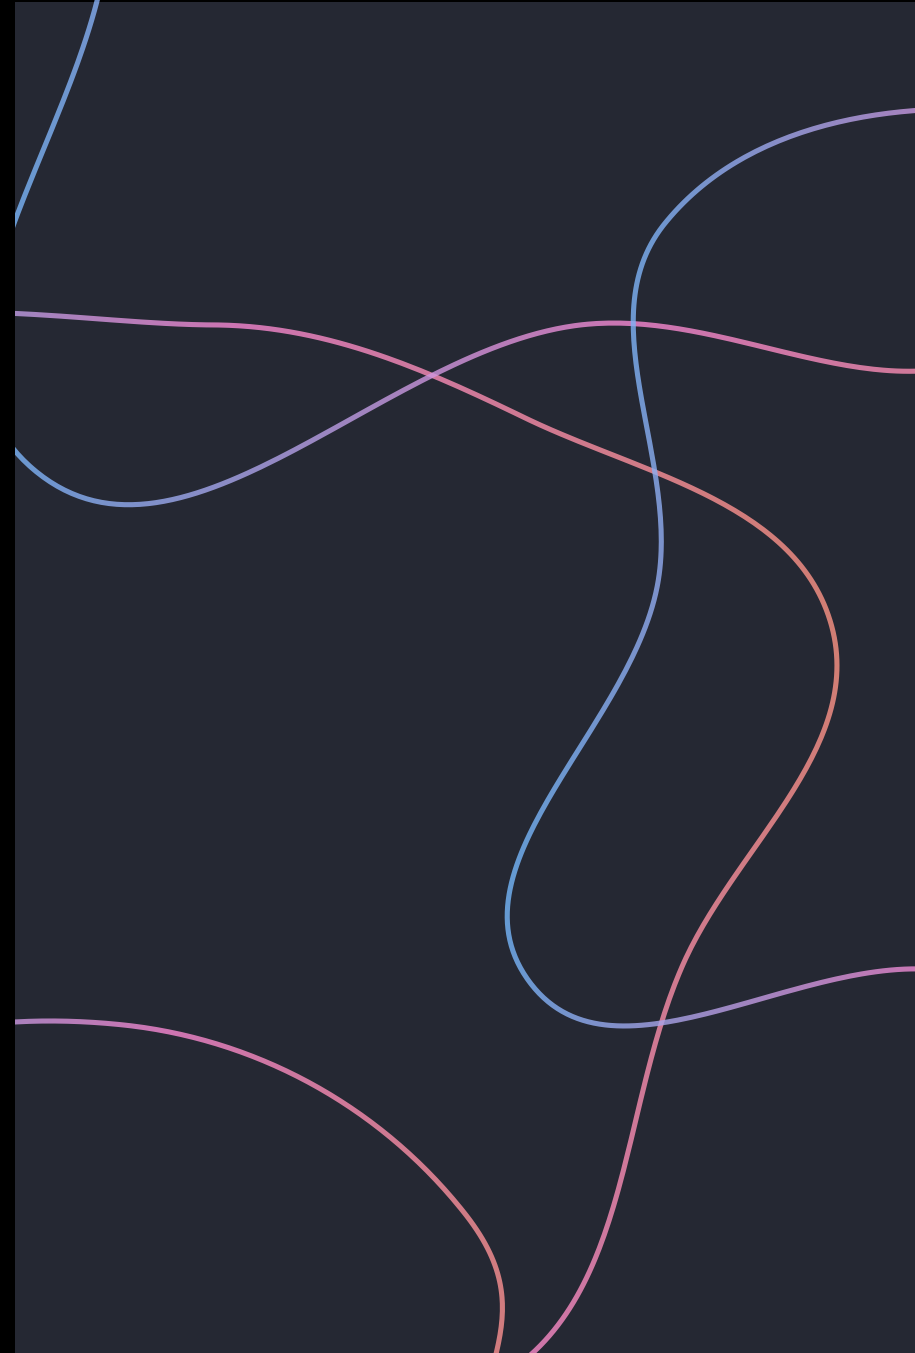

Created the Level 1 & 2 SOP (Sale to Delivery)

Poll: Have you completed the exercises up until this session?

**What insights did you gain
from assessing and
documenting your first core
process?**

What You'll Get Out of This Session

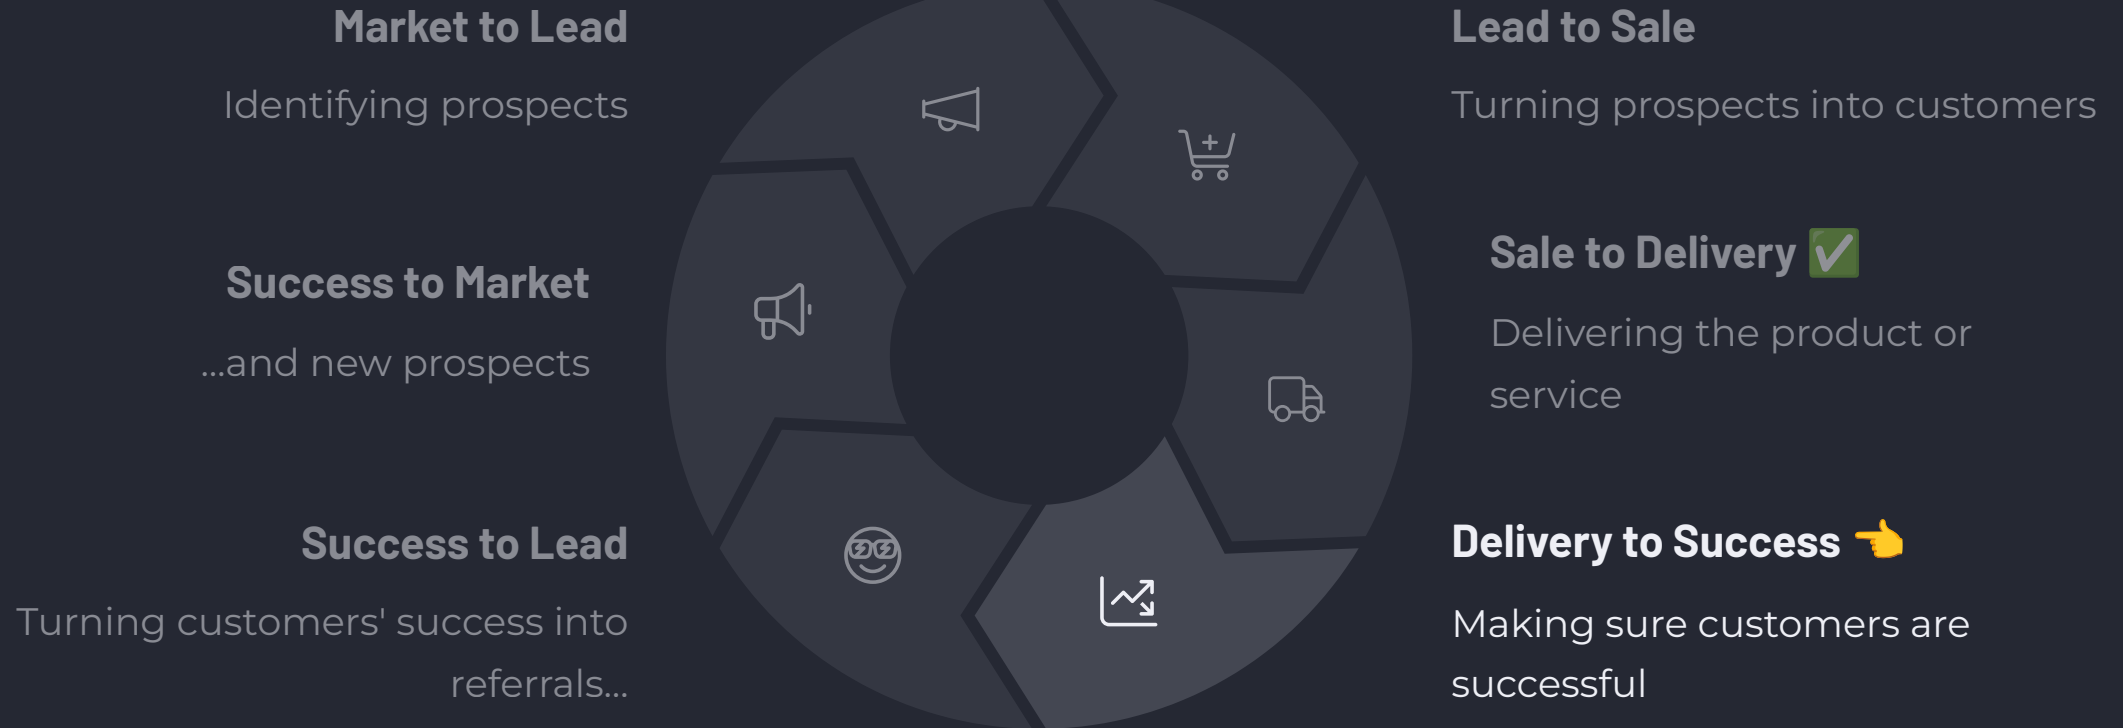

1. The 5 Rs of
Customer
Excellence

2. Mapping the
Customer
Journey

3. Organizing
Your SOPs

Part 1: The 5 Rs of Customer Excellence

The 6 Stages of the Customer Lifecycle (Core Processes)

Understanding Customer Excellence

The "Delivery to Success" process isn't just about fulfilling what you promised—it's about turning every customer into a growth engine for your business.

Whether you sell products, deliver services, or create experiences, exceptional businesses focus on five key outcomes that drive sustainable growth.

The 5 Rs: Transforming Customers into Advocates

The most successful businesses transform their customer relationships into powerful growth engines through five critical outcomes.

Results: Your Customers Achieve Their Desired Outcomes

What success looks like varies by business type, but the principle remains constant.

For Service Businesses

Project milestones, problem resolution, skill development

For Product Businesses

Product performance, user satisfaction, problem-solving effectiveness

For Experience Businesses

Memorable moments, personal transformation, goal achievement

Universal Metrics

Customer satisfaction scores, time to value, measurable impact, support resolution times

Retention: Your Customers Continue the Relationship

Building lasting relationships regardless of your business model.

For Service Businesses

Contract renewals, ongoing engagements, retainer agreements

For Product Businesses

Repeat purchases, subscription renewals, brand loyalty

For Experience Businesses

Return visits, membership renewals, continued participation

Universal Metrics

Customer lifetime value, churn rates, engagement levels, loyalty indicators

Reviews: Your Customers Provide Feedback That Drives Improvement

Turning customer voices into business intelligence.

Detractors

Internal feedback that informs strategic improvements and process optimization

Promoters

Public testimonials, case studies, and success stories that attract new customers

For All Businesses

Systematic feedback collection, review management, continuous improvement cycles

Universal Metrics

Net Promoter Score, review volume and quality, feedback implementation rate

Referrals: Your Customers Actively Recommend You to Others

Word-of-mouth is your most powerful marketing channel.

For Service Businesses

Professional referrals, industry recommendations, client introductions

For Product Businesses

Personal recommendations, social sharing, affiliate relationships

For Experience Businesses

Friend referrals, community building, social proof

Universal Metrics

Referral rates, referral conversion, community growth, advocacy program participation

Resale: Your Customers Buy More or Buy Again

Expanding relationships with existing customers.

For Service Businesses

Upsells to premium services, additional service categories, expanded scope

For Product Businesses

Cross-sells, product upgrades, consumable replenishment, accessory purchases

For Experience Businesses

Premium experiences, additional programs, extended memberships

Universal Metrics

Expansion revenue, purchase frequency, average order value, upgrade rates

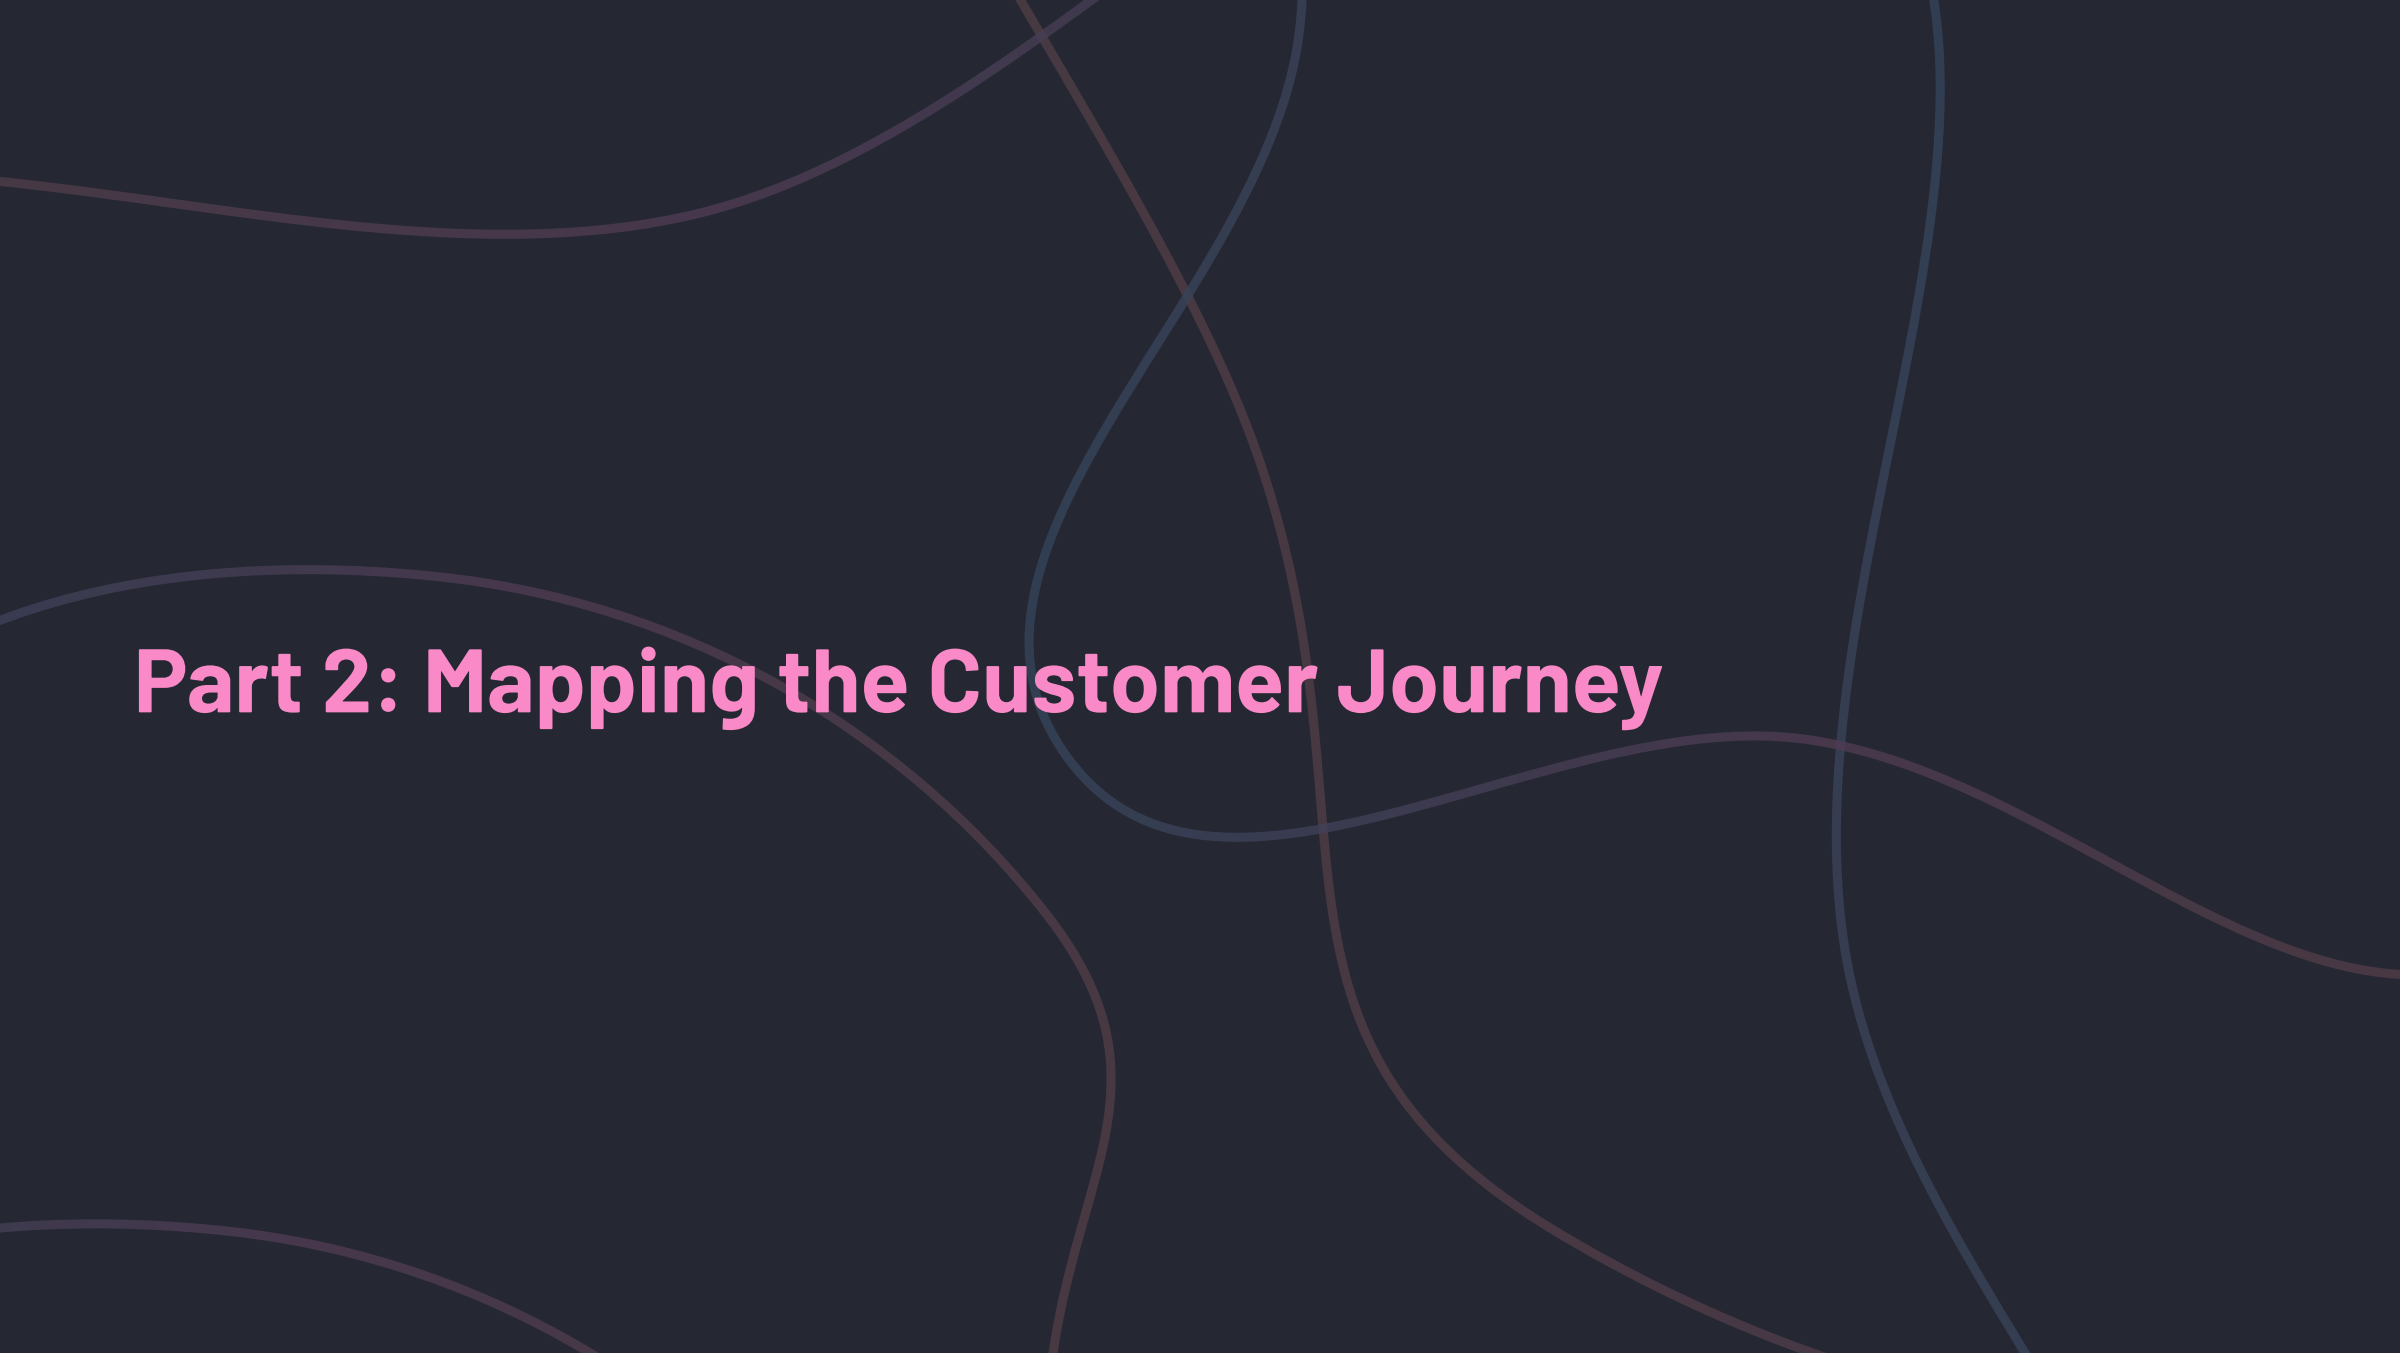

Breakout Discussion

Take 15 minutes in groups of 3-4 to discuss:

In which of the 5 Rs are you strongest? And weakest?

(Results, Retention, Reviews, Referrals, Resale)

Part 2: Mapping the Customer Journey

We'll Tackle Delivery to Success in 3 Parts

Map the Customer Journey

Identify key touch points and ascension points throughout the Delivery to Success stage.

Create Level 1 & 2 SOPs

Document the core process and build functional blueprints.

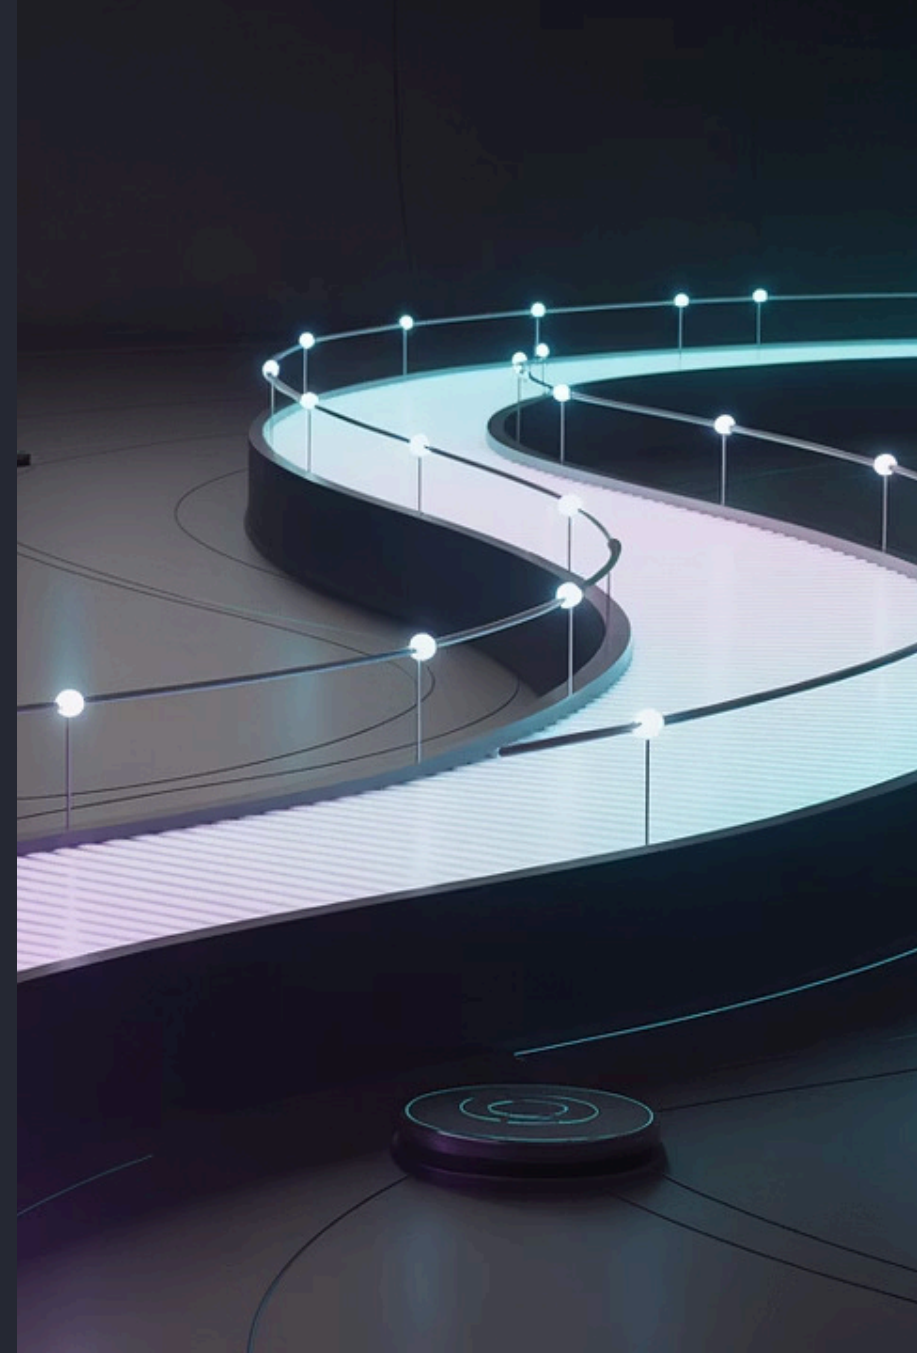

Create a Priority Implementation Matrix

Focus first on high-impact, low-effort improvement actions.

The Customer Journey Foundation

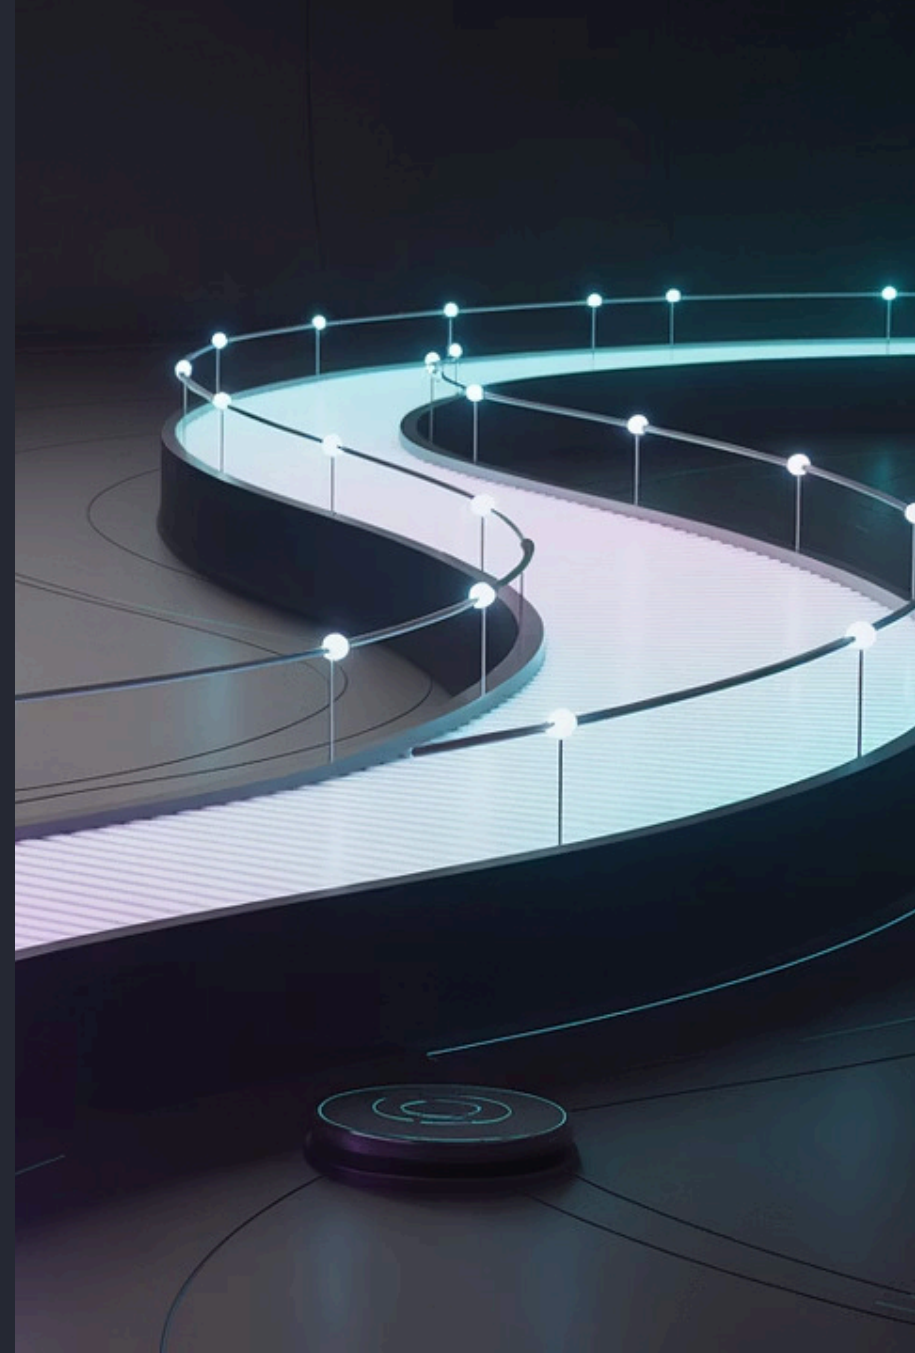

Before diving into processes, successful businesses map their Customer Journey with **clear stages and Ascension Points**—moments when customers are most likely to:

- Provide testimonials or reviews
- Make referrals to friends or colleagues
- Upgrade their purchase or expand their engagement
- Become community advocates or brand ambassadors

Walkthrough

Mapping Your Customer Journey & Ascension
Points

4 Levels of SOPs

1

Level 1: Core Processes 📌

A strategic overview of one stage of the customer lifecycle (for leadership team, cross-functional stakeholders, process integrators)

2

Level 2: Blueprints 📌

A manageable functional chunk (for department managers, team leads, project coordinators)

3

Level 3: Guides

Step-by-step instructions for specific tasks (for individual contributors, team members doing the actual work)

4

Level 4: Forms, Templates, & Checklists

Tools, scripts, calculators, email templates, checklists, and documents used to complete the work (for anyone executing the specific task)

Example of All 4 Levels Working Together

1

Level 1: Core Process

Delivery to Success for the Empower Labs Membership

2

Level 2: Blueprint

Live support for our members (Office Hours, Guest Workshops, Q&As, Weekly Reviews)

3

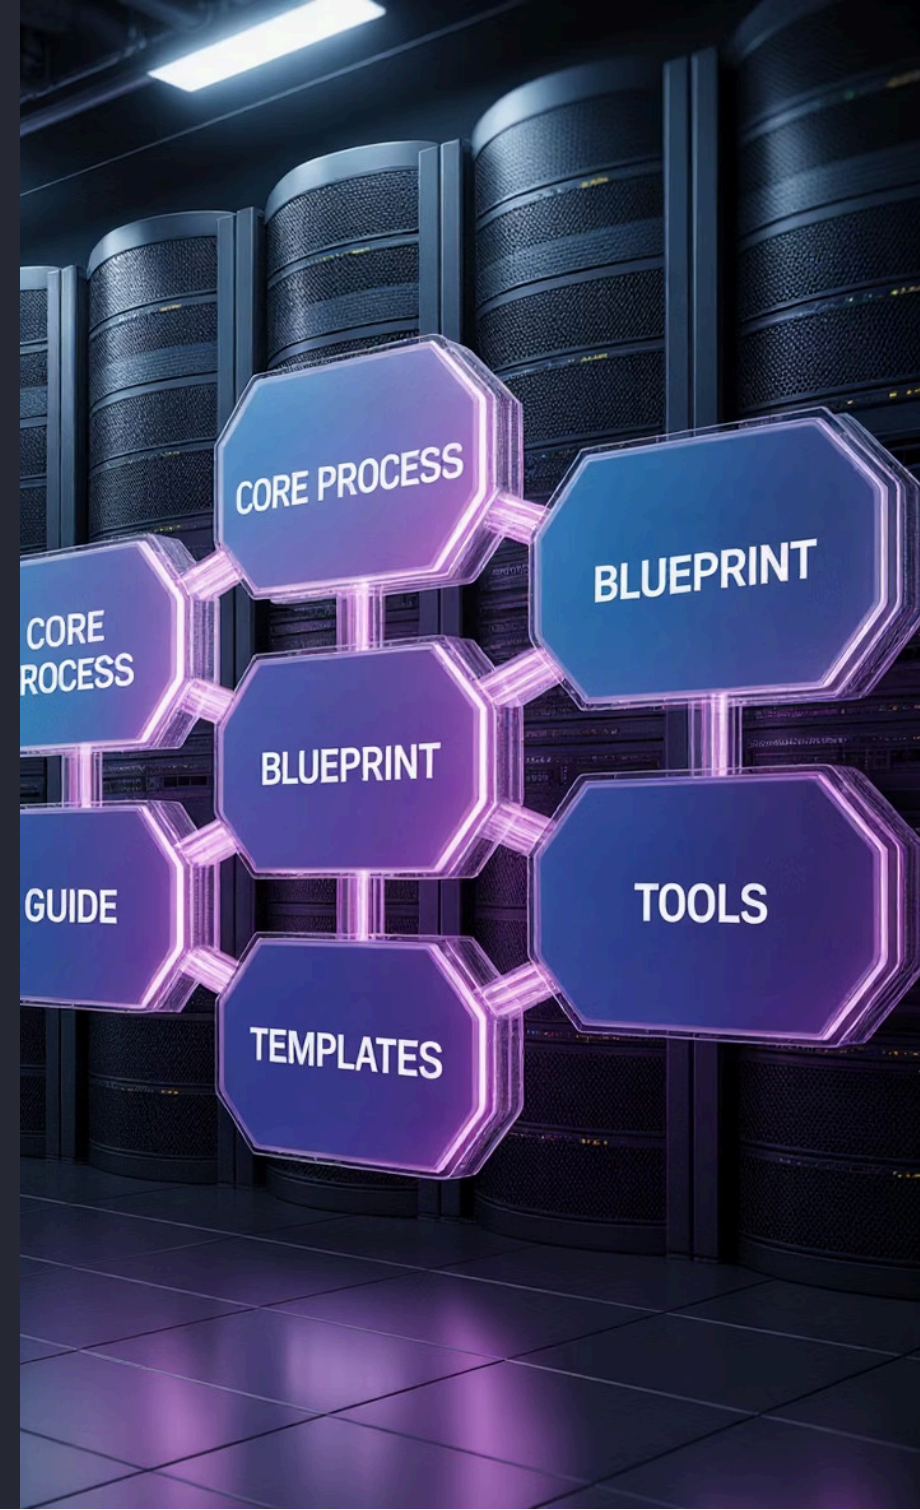

Level 3: Guide

Running the weekly Office Hours

4

Level 4: Tools & Templates

Gamma Template

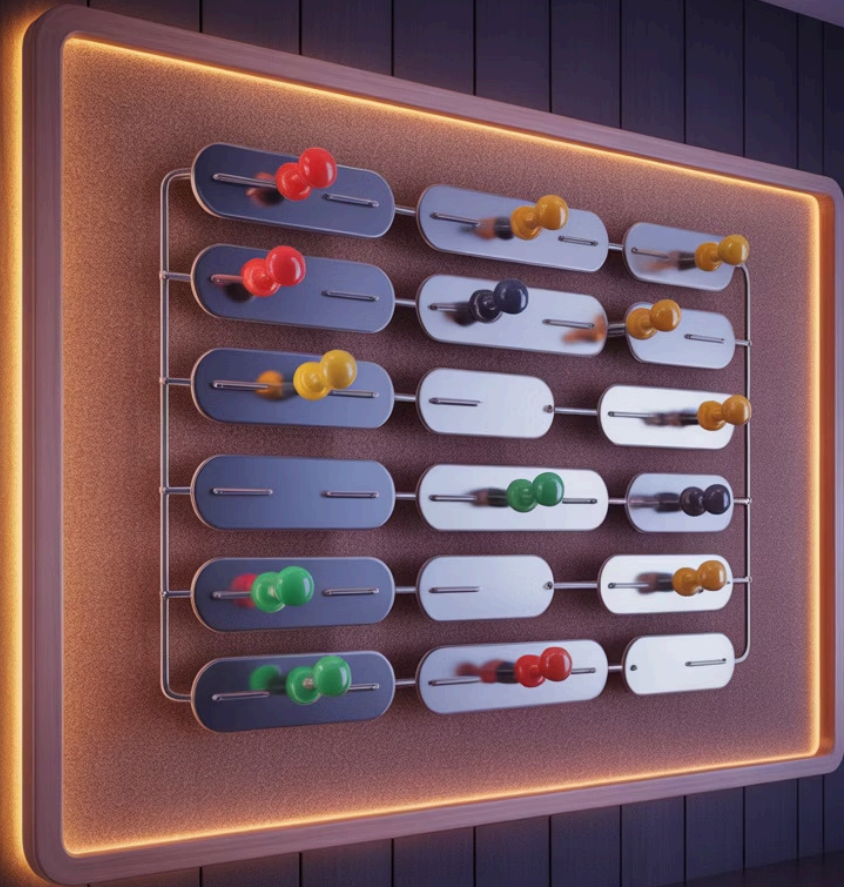

The Iterative Cycle of SOP Creation

Implementation Priority Matrix

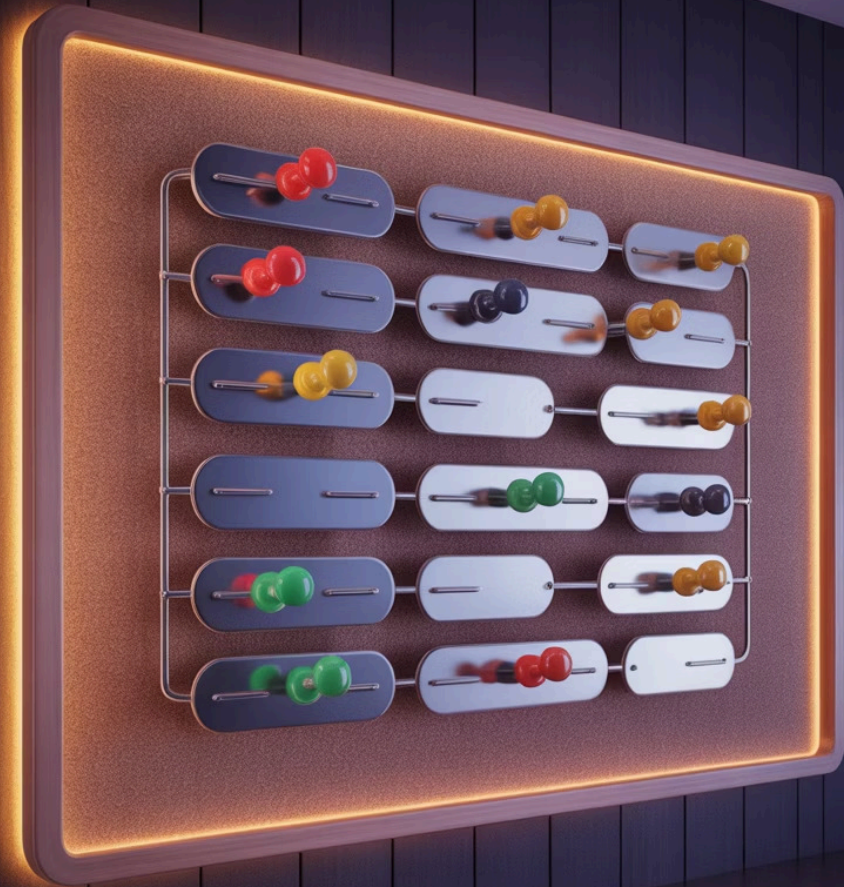

A starting point for implementing the recommendations that Claude has given you, prioritizing the actions with the highest impact.

- Run the prompt in a NEW chat within your Master Prompt project
- Draws on the assessment results stored in project knowledge
- Revisit the chat and rerun the prompt after each new process is assessed

Walkthrough

Priority Implementation Matrix

Part 3: Organizing Your SOPs

Where to Store & Organize Your SOPs

Organizational Knowledge Management Solution

Examples: Notion, Coda, ClickUp

Use when:

- You already use one of these platforms for other business functions
- You want SOPs integrated with your broader business knowledge base
- Your team is comfortable with these tools
- You need rich formatting, databases, and cross-linking capabilities

Shared Cloud Storage

Examples: Google Drive, MS OneDrive, Dropbox, Box

Use when:

- You're just starting with SOP documentation
- Your team is already deeply embedded in Google or Microsoft ecosystems
- You want the simplest, most familiar solution
- You primarily need document storage with basic collaboration

Specialized Software

Examples: Process Street, Stage 3

Use when:

- You need workflow automation and approval processes
- You want advanced analytics on process completion
- You have complex, multi-step processes requiring tracking
- You're ready to invest in process optimization and enforcement

Q&A

Your turn to ask your questions.

Your Next Steps

01

Add the 5 Rs to Your Master Prompt

Give Claude an understanding of the 5 Rs of Customer Excellence, so it can help you excel at each of them.

02

Run the Assessment (Delivery to Success)

Assess your organization's performance, gauge the dependence on the owner, and identify areas for improvement.

03

Map Out Your Customer Journey & Ascension Points

Proactively identify the moments when your customers are most likely to provide testimonials, make referrals, upgrade their purchase, etc.

04

Create the Level 1 & 2 SOP (Delivery to Success)

Create a map of the core process (Level 1) as well as blueprints for each functional area within the process (Level 2).

05

Create Your Priority Implementation Matrix v.1

Create a starting point for implementing the recommendations that Claude has given you.

06

Organize Your SOPs

Explore 3 different ways to store and organize your SOPs and pick what fits your business.

Office Hours

Wednesday, Feb 4th at 10 am PT / 1 pm ET

Live Session 5: Marketing & Brand Equity

Friday, Feb 6th at 10 am PT / 1 pm ET
