

How to Create Your Client Invitation

Your client invitation is a piece of content that can be anything from an article, video, interview, free report, etc. that carries your message and what you coach people on. One of the most important skills you can develop as a coach is the ability to **create valuable content that draws your prospective clients in**, teaches them valuable techniques, builds credibility and trust, and then attracts them to want to have a conversation with you and turn into a client.
