

Session 3: The World Of Relationship Based Marketing

In Session 3, you'll learn 3 powerful marketing models you can use to create strong & lasting relationships with your customers. You'll also do 2 exercises to start putting these in place now.

- Marketing Models:
 - ▶ *Stair-Step Marketing* - Breaking up the big commitments you would ask a customer to make into small commitments that ultimately lead to them buying your products.
 - ▶ *Education Marketing* - One of the most valuable things you can do is educate your prospective customers. They don't know what they don't know and you take the role of educator. They will come to see you as an expert and someone they trust.
 - ▶ *Customer Life-Cycle Marketing* - We're all at different stages at different times. But, we all go through predictable steps at each level of growth. By creating a marketing process that your customer can join at any stage they're at, you can create something accessible to many people but still feels personal to each of them.
